- With me now trialling [Notebooks](#) as another method of capturing and organising my data, I've got the problem of having too many places to store stuff. While Notebooks seems a less powerful DEVONthink, this comes with benefits, particularly on iOS where it feels much more like a native citizen than DEVONthink's iOS offering.
- I played basketball for the first time in about 6 months today. I still had my shooting touch - must be like riding a bike! - but wow, my back is so sore now. Tomorrow could be painful!
