

# Web Resources

## Writing Tools

I really have to remember to utilise <http://bretttterpstra.com/projects/searchlink/>, especially when I'm writing for the web.

[Markdown](#) is great, except when writing in a Wiki.

## Graphics

[Blobmaker](#). I might need to make a blob for a website, or some other project, in the future.

<http://sankeymatic.com>. For creating [Sankey Diagrams](#).
